Sir,

In forwarding herewith copy of letter no 8375/W.1679 dated 11th inst. which explains itself, I have the honor to solicit administrative sanction to the construction of a Tool Store House for the use of the Overseer, Parks & Gardens, Mysore City, and to state that the want of permanent accommodation for storing valuable Government property belonging to the local Parks and Gardens is being very keenly felt. The old Gun Shed House was being used for the purpose, but since its demolition two small rooms belonging to a temple were being utilised and now the Park Overseer is required to vacate that also, and has now to look out for a few rented rooms in Lansdowne Bazaar.

Serial No. 22

Proceedings of the Government of His Highness the Maharaja of Mysore.

Read.—

Correspondence ending with letter No. 2832 dated 17th August 1917 from the Superintendent, Govt Gardens regarding the Construction of a Tools store House at Mysore.

Order Thereon:— No.

The Supdt. Govt gardens sought for the Administrative Sanction of Govt to the Construction

over.

of a tools store House at Mysore.

In reply to an enquiry as to the estimated cost of, and the site for, the proposed building, the Supt stated that the building was proposed to be constructed at the west North gate, Mysore and merely forwarded a letter received by him from the Sub Asstt Engineer, Head Quarters Range, Mysore, to the effect that the building was estimated to cost Rs 10,000. The value of tools etc belonging to the Govt gardens in the Mysore City was called for from the Supt who thereupon stated that in his opinion Rs 5000/- was more than enough for a simple building to serve as the Park Overseer's office as well as a tool house and godown. Further enquiry elicited that the value of the tools & the stores was about Rs 1300/-

The Chief Engineer who was consulted in the matter, is of opinion that a tool house at a cost of Rs 1500 or Rs 2000 may be erected in a less prominent place than the one proposed viz West North gate, Mysore, and that a

Sir,

With reference to your letter No.G.6419/G.M.215-16-23 dated the 16th November 1917, requesting to point out the source from which the cost of the construction of the building at Mysore for being used as a tool house is to be met, I have the honour to inform you that as the building is required for keeping the tools of the several gardens, the cost will have to be met from the Garden Budget. This Department has nothing to do with the work.

I have the honour to be,

Sir,
